SCREWS

Tapcon is the #1 recognized screw anchor brand in the construction industry with unmatched performance in concrete, block, and brick applications making it an excellent alternative to expansive anchors, plugs, and lag shields.

Patented in 1976 by ITW Buildex, the Tapcon anchor is the original masonry fastener that revolutionized the fastener industry. The name Tapcon comes from its unique ability to TAP its threads into Concrete. No other product in the industry anchors to concrete, block and brick with the ease and power of a Tapcon anchor.
